1) Mission

Offer Hassle free membership to everyone with a 4WD and a passion for 4WD driving, camping and the outdoors.

2) Introduction

This report has been compiled and presented to the Members to provide an overview of the Mount Lofty Rangers 4WD Club and state of affairs for the 2022/23 Club year.

In general, the club has continued to rebuild after the uncertainties generated by operating a club in a community that is still learning how to live with COVID.

After a strong finish to 2022, attendances and trip activity have continued to increase in the first half of 2023.

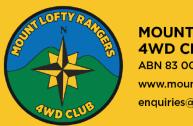

I particularly would like to thank Gary, the previous president and the committee who persevered through the lockdowns and cancellations of events over the last couple of years, and set the club up for such a strong finish last year, whilst training/breaking in, a new president.

3) Trip, Activities and Key Events

During 2022/2023 MLR members have been involved in numerous activities, 19 trips/functions, at least another 12 sub trips where an event like Loftyfest has multiple sub trips and 4 training events.

The end of year function at Blyth had the best turnout with 40 members attending, 35 attending Loftyfest and 20 attending Peake, to cover the top 3 events.

4) Charities / Corporate Citizens

One of MLR's values is "Being respectful to each other and the environment". The club tries to get involved in at least one activity during the year that enables us to actively demonstrate being good "corporate citizens" in addition to treading lightly on trips.

After a number of initiatives being cancelled in the last couple of years, again due to impacts from COVID restrictions, MLR has significantly embraced this value, with a significant donation to 'Little Lion Hearts', volunteers taking park in the annual Ngarkat working bee and Witchelina working bees.

The committee is continuing to explore further opportunities, with the return benefit of the club gaining access to areas that are usually off limits to vehicles. More volunteer work is currently being planned in collaboration with 4WDSA and National Parks.

5) Awards and Recognition

The Club continues to recognise the efforts of our members through our awards and recognition initiatives.

The 10 year recipients will be presented their certificates at the Annual MLR Awards night. We will also present our Annual Club Person of the Year, Rookie of the Year and Quiet Achiever awards at the Annual MLR Awards night so they can be appropriately acknowledged.

6) Sponsors

2022/2023 has again proved to be a challenging year. Many small businesses have also needed to adapt to the changing corporate environment and re-evaluate how to promote their businesses. This has severely limited the sponsor opportunities open to the Club. Notwithstanding the above, I would sincerely like to acknowledge and thank our loyal sponsors for their continued support during the year;

- a. AAWindows and Doors
- b. REDARC Electronics
- c. Tyrepower

d. Belair Hotel

7) What's Next

Going forward into the 2023/24 year, we will continue to plan our traditional activities, specifically the AGM, Awards Night, Camp Cook (held last weekend), LoftyFest 23 in October at The Argadells for the second year, and our end of year weekend at Blyth also for the second year. Trip numbers to date have been encouraging, it is particularly good to see several first time trip leaders accepting the challenge. With a strong start in 2023, it is expected MLR will continue to identify opportunities to fulfil its corporate citizen aspirations.

It is likely that revenue from sponsorships will continue to remain limited, however, the committee will continue to investigate opportunities and options for potential sponsors. As our membership continues to become more active and continue to grow, I believe that the club will continue to be in a strong position in terms of both finances and its offering to the membership.

2022/23 saw the change in the MLR administrative year. From 2023, the administrative year now resembles a calendar year aligning numerous administrative activities, audit, membership, affiliation, awards period, etc.

Our new magazine editor Lloyd, has done an excellent job in re-vitalising the MLR magazine and the committee will continue to investigate further options and formalise processes, to improve information sharing, trip registration and record keeping, by properly utilising web based options and tools such as Airtable.

With the ongoing support of members, we can continue to thrive.

8) Financial Statement
