Phils Phinkings

After 7 and a half weeks and over 11000km, we've returned home to Adelaide and it's typical July weather. Brrrr! Although, night time temperatures during our last few weeks through inland WA were just as cold. And when you're in some of the National Parks and Caravan Parks, you can't have a fire either so we've learned for next time to pack a few more winter woollies. Anyway, it's nice to get away for our longest trip yet but it's always nice to get home.

*Phil Simes,
President*

Some observations..., some of which are stating the obvious, but our experiences have certainly brought them home and reinforced them.

- WA is BIG!
- Distances between major centres are huge.
- Mining and the scale of mining in WA, is massive.
- The mining 'boom' in WA shows no signs of slowing down.
- WA build better roads than SA. (Probably because of mining, but it's flowed through everywhere we went)
- WA drivers are (again, probably due to mining) much more patient and considerate.

Phils Phinkings

This is of course a generalisation, but it's been reinforced just driving around locally here in the few days we've been back home. But also, the consideration between oversize loads, road trains (60m and 4 trailers long) and roadworks crews, and other road users was such a refreshing thing to experience. By monitoring Ch40, we were called up by road trains as many times as we called them and this made the overtaking experience so much more comfortable.

Onetime after passing and acknowledging a road train driver, I received the reply '... no worries mate, thanks and enjoy your holiday'! Another time a grader operator in the middle of nowhere advised me 'hey, you're going the wrong way mate. The warmer weather is up north! '

It's law in WA that towing vehicles can only do 100kph, so even the people who weren't towing just waited patiently for a sensible overtaking place because they knew you couldn't go any or much faster anyway.

So now it's back to winter in SA and all the campfire/camping/4wding opportunities it brings. It will be Oct long weekend and Loftyfest before we know it! Contact the Argadells and book your site and start planning/practicing your camp cooking. It's a great location to drive, or walk, of just chill out.

We'll talk more about it and other trips at the Aug meeting.

See you all there!

Phil.

Club Awards

MLR Quiet Achiever Award

The Quiet Achiever Award is given to recognise the dedication and commitment of members who add value to the Club without fuss or bother. Often these men and women are quiet achievers who might otherwise not be recognised. No one realises the amount and quality of their work until they are acknowledged or they are away.

The Quiet Achiever Award acknowledges just how much they are valued and appreciated and recognises their important, often behind the scenes, contribution to the fabric of the Club. This is an award that is presented to those special people who go out of their way to do things for others, not because they want recognition but because it comes from their heart to give and serve others.

Nomination Process

- Call for nominations will be made annually. However any member may nominate another member at any time throughout the qualifying period.

- The winner will be announced at the annual MLR awards night.
